

SLEDMC

WEBSITE BRIEF — CANDIDATES SECTION

A practical content and structure guide for the SLEDMC website creator

1. Purpose of the Candidates Section

The Candidates area should speak directly to Sri Lankan candidates who want to develop their skills and pursue legitimate employment opportunities in Europe. It should feel like a career pathway—not simply a recruitment page.

2. Main Hero Section

Headline

Build Your Skills. Start Your European Career.

Supporting message

SLEDMC helps Sri Lankan candidates prepare for employment opportunities in Europe through professional training, language development, career guidance, employer matching and pre-departure preparation.

7. Candidate Portal — Future Feature

Design the website so a future candidate portal can show: personal profile, training progress, language level, professional qualifications, document status, job applications, interview status, employer matching and mobility/pre-departure status.

8. Candidate Safety & Transparency

SLEDMC should not promise or guarantee visas or employment.

Employment depends on employer selection and applicable law.

Immigration/work authorisation depends on the relevant authorities and legal pathway.

Candidates should receive clear information about employment conditions.

Candidates should be protected from recruitment fraud and unauthorised representatives.

Official SLEDMC communication channels should be clearly displayed.
