

SLEDMC

WEBSITE BRIEF — CLIENTS SECTION

A practical content and structure guide for European employers and partners

1. Purpose of the Clients Section

The Clients area should speak to European employers and business partners that need qualified international workers. The message should position SLEDMC as a structured workforce-development and mobility partner—not simply a CV-sending recruitment agency.

2. Main Hero Section

Headline

Build Your Workforce With SLEDMC

Supporting message

Access pre-screened, professionally prepared international talent from Sri Lanka, trained and prepared for employment opportunities across Europe.

Primary buttons

- Find Talent
- Submit Your Workforce Requirement

3. The SLEDMC Workforce Solution

Present the core process visually: Identify → Recruit → Train → Prepare → Match → Mobilise → Integrate.

- Warehouse workers
- Logistics personnel
- Picking/packing
- Distribution

Skilled Trades

- Mechanics
- Welders
- Electricians
- Construction workers
- Technicians

Future sector

- Cleaning & Facility Services

5. How SLEDMC Works

1 — Employer Requirement

Collect position, worker numbers, qualifications, experience, language, salary/conditions, location and start date.

2 — Candidate Sourcing

Identify suitable candidates from the SLEDMC talent pipeline.

3 — Screening & Verification

Assess experience, qualifications, language, documentation and suitability.

4 — Academy Preparation

Language + professional skills + European culture + workplace preparation + documentation.

5 — Employer Matching

Present suitable candidate profiles.

6 — Interview & Selection

Coordinate interviews and employer selection.

7 — Mobility & Documentation

Coordinate with relevant partners and professionals for the applicable legal employment/mobility process.

8 — Arrival & Integration

Support the transition into employment through SLEDMC and European partners.

6. SLEDMC Academy — Employer Benefit

Explain that SLEDMC does not simply source candidates. Candidates can be prepared before employer presentation through language training, professional skills, European workplace culture, worker rights and responsibilities, health and safety, documentation preparation, interview preparation and pre-departure orientation.

7. Employer Services

Workforce requirement analysis

International candidate sourcing

Candidate pre-screening

Skills and language preparation

Candidate shortlisting

Interview coordination

Documentation coordination

Pre-departure preparation

Arrival and integration support

8. Request Workforce Form

Create a lead-generation form for company name, country/city, industry, website, contact person, email, telephone, position, number of workers, experience, qualifications, language, salary range, working hours, contract type, location, expected start date, accommodation availability, transport, training needs and additional requirements.

9. European Partner Network

Create a separate pathway for recruitment companies, training centres, driving schools, employers, legal/immigration professionals, relocation providers, accommodation providers and other workforce partners.

10. Employer Portal — Future Feature

Design for a future employer portal where companies can submit vacancies, view candidate profiles, shortlist candidates, request interviews, track recruitment/documentation status, communicate with SLEDMC and manage multiple vacancies.

11. Employer FAQ

Where do candidates come from?

Which sectors do you support?

Can candidates receive language preparation?

Can SLEDMC prepare professional candidates?

How does the driver programme work?

Can SLEDMC support Code 95/CPC pathways?

How does international recruitment work?

Who handles immigration and legal procedures?

How can employers submit a workforce requirement?

12. Final Call to Action
